

Greetings Gilman & Bedigian. My name is (Your Name) and I am calling in protest of Mr. Steve Gilman & Family's claim to Dr. Elijah(& Sharon) Saunders' property by making use of the law of 'adverse possession'. Dr. Saunders' was the first Black Cardiologist of Maryland and among the first of Blacks to 'break the color line' in the Pikesville/Owings Mills area since race-based redlining has been outlawed. Please cease this action to claim the land by taking advantage of Dr. Saunders' lack of awareness of the adverse possession law...a law which Mr. Steve Gilman would have been fully aware of as a builder. Black Lives, AND the property that persons like Dr. Elijah Saunders worked so hard to earn DO MATTER!! In a climate where the ending race discrimination is on the minds of the American people, we join with Dr. Saunders' family in insisting that this legacy and land issue be rectified in Dr. Elijah Saunders' favor in honor of his legacy.
